MEMORANDUM FOR: See Distribution

SUBJECT : Committee for Review of [REDACTED] Projects

25X A

1. Although DCI has not yet approved any Terms of Reference under which the subject Committee will proceed, at this morning's DD/P conference there was orally pronounced DCI's intentions that we would be permitted "some flexibility in the scaling down of projects"; that the "fade out" should be gradual; that there be no summary or precipitate "throwing out of the window." It is expected that a T of R will be available by tomorrow (Friday) or Monday.

2. Regardless of whether or not a firm T of R is available, I propose that we hold a session on Monday, 20 October, starting at 1400 hours in [REDACTED] office, and that we start with [REDACTED] projects (country-by-country) [REDACTED]

[REDACTED] Even with a T of R available, it will be certain that we will have to establish some ground rules and methods of procedure. So please think it out, and come prepared with some.
